

Adrian Salguet

Baguio City, Philippines • +639157502488 • a.adriansalguet3.code@gmail.com

A Web Developer creating high-quality web solutions that combine clean design with seamless functionality. Focused on performance, responsive design, and optimization to deliver fast, user-centered digital experiences that drive measurable results.

Experience

OCTOBER 2022 – MARCH 2023

Web Developer | Freelance

Delivered a range of projects for clients, especially local ones, from dynamic websites to engaging online experiences. Each project focused on tailoring solutions to specific needs, transforming creative ideas into impactful results through close collaboration.

MARCH 2023 – SEPTEMBER 2024

Web Developer | Technodream Web Design | Baguio City, Philippines

Delivered front-end development using WordPress and core technologies (HTML, CSS, JavaScript, PHP), resolving technical issues and building optimized, cross-browser-compatible websites. Led redesigns to improve navigation, visuals, SEO, and overall performance.

NOVEMBER 2024 – FEBRUARY 2025

Web Developer | RFPMart LLC | Austin, USA

Developed websites using the U.S. Web Design System (USWDS) and provided front-end development services, coding in Tailwind, SCSS, JavaScript, and PHP. I have also used GitHub and Git for version control and collaboration throughout development projects.

MARCH 2025 – APRIL 2025

Web Developer | Leafora | Freelance

Developed and maintained a Shopify Website for a Client based in Australia.

APRIL 2025 – MAY 2025

Web Developer | Air Medics CA | Freelance

Developed and maintained a Static Website along with a WordPress website for a Client in Canada.

JUNE 2025

E-commerce Developer | ChelseaGREEN | Dubai, UAE

Developed and maintain a fully functional E-commerce website with a focus on SEO, Google Ads, and both On-Page and Off-Page optimization to enhance visibility, drive traffic, and improve overall user engagement.

Skills

- Front End | HTML | CSS | SASS (SCSS) | Tailwind | Bootstrap | Javascript | VueJs Framework
- Back End | PHP | MySQL
- WordPress | WordPress E-commerce
- Figma | Website Designing
- Search Engine Optimization | On-page and Off-page (Link Building) | Google Ads

Education

AUGUST 2022
